Box 746  
Baltimore 3, Md.

Attention:   
Sales Engineer

Subject: Contracts HF-8140, FM-3050, TA-3034 and BE-2022, Overtime

Gentlemen:

Reference is made to your letter dated 3 September 1957 regarding approval of overtime for the subject contracts.

You are hereby authorized to work all overtime hours considered necessary in your judgement to fulfill the requirements of Contracts Nos. HF-8140, TA-3034 and BE-2022. In the event any overtime was worked under FM-3050 through 30 June 1957 or domestically through 31 August 1957 same is hereby approved. Approval cannot be granted for subsequent periods under this Contract No. FM-3050 as funds are not available to this office to cover the services presently being rendered on your internal order XAA-92450. The premium portion of overtime pay is to be charged in accordance with your established accounting procedures.

Very truly yours,

PS/DCI  bas (9/12/57)

Mr. Dan Kelly

SUBJECT: Contracts FL-3011, HF-8140, FM-3050, TA-3034,  
and BE-2022, OVERTIME.

STAT

REFERENCE: Your Letter, Serial #16369, dated 10 June 1957.

The referenced letter provided authorization to work on overtime hours considered necessary to meet delivery requirements under Contract FL-3011. Since the time the request was made which resulted in this authorization the other contracts listed in the subject have been negotiated. It is requested that similar authorization be provided for work covered by these contracts.

Attention is invited to the fact that at present no overtime is contemplated on TA-3034 and BE-2022. However, considering Field Maintenance type operations, overtime is sometimes required for such maintenance work.

It is recognized that FM-3050 expires the 31st of August, however work is proceeding on the overseas portion of this program under our internal order XAA-92450 in anticipation of contractual coverage. The authorization requested should also cover this work.

In the event you are not able to provide such blanket authorization, copies of request for overtime for the maintenance of service for HF-8140 and XAA-92450 (FM-3050) is enclosed.

TO: Air Arm Division - Sales Department  
[redacted] - Sales Engineer

SUBJECT: Request For Approval of Overtime  
Contract XAA92450 (FM-3050)

The Contractor anticipates that it will require the following overtime under the subject contract on the dates and for the reasons specified, it is respectfully requested that prior approval be given by your office for the overtime requested below:-

PERIOD	OVERTIME HOURS	OPERATION	ANTICIPATED DIRECT PREM. COST	INDIRECT OVER- TIME PRORATED HOURS	ANTICIPATED INDIRECT PREM. COST
9/1/57 thru 9/30/57	100	Eng. & Services	\$161.00	38	\$61.18

The above requested overtime is necessary for the following reason:-

The overtime requested above is to be utilized in the field maintenance of equipments at the customer's location. Troubles that occur during flight are repaired immediately after the flight to avoid idling aircraft with a resultant increase in maintenance cost. Therefore, approval of this request will result in overall lower cost to the Government.

The Contractor represents that the aggregate of all approved overtime during the period covered by this request will not be in excess of 2% of the total direct labor hours expended under this contract during the same period.
